Gore-Lieberman Vote Proves that America is Faced with a Radical Leftist Revolution

Everyone is Talking About "The Map"

USA Today published a map of counties carried by Gore-Lieberman. It caused a massive response on Internet chat lines. Geographically, Gore carried only a very small portion of the nation. These are areas which are dominated by minorities; Jews, blacks, Puerto Ricans, Mexicans, homos and the left-wing liberals in New England.

The dark areas are the only counties carried by Gore. (From USA-Today)

George Bush carried 2,434 counties covering 2,427,039 square miles. Gore-Lieberman carried only 677 counties covering just about a half-million square miles. In Calif., Gore only carried the heavily immigrant coastal areas and none of the central state. He carried some old European socialist areas of Minnesota and Wisconsin and Iowa and the millions of minorities in Chicago which gave Gore Illinois. In Arizona, New Mexico and Texas, Gore only carried counties which had a Mexican majority. In the South Gore carried only the "black delta" area along the Mississippi River and the old "black belt" central Ala., Ga. S.C., N.C. and Va.

In Florida Gore only carried the Jewish dominated Palm Beach, Broward and Dade-Miami counties plus heavily Puerto Rican Orlando and the black strip from St. Augustine to Jacksonville. All the rest of the nation went to the Republican!

### A Great - Unorganized White Bloc - Defeated the Left-Wing Democrats

Overall, the minority-liberal dominated mega cities went 71% for Gore. However, small town America went 60% for Bush. Some 70% of White Christians voted for Bush. Of course, in smaller towns much of the Gore vote was made up of Negroes and Mexicans. Polls show that 94% of the blacks voted for Gore along with 78% of the Mexicans. Close to 100% of the Jews voted for Gore-Lieberman. Thus Gore carried the leftist elite dominated mega-cities of Chicago, Los Angeles, New York and Palm Beach - Miami Beach.

The minorities were highly organized to get out the vote. In Florida blacks made up 10% of the voters in 1996. Through the efforts of the NAACP they were able to jump this to 16% of the total vote in Florida. Many thought that Gore's scheme of "free prescription" drugs for the elderly would carry Florida. However, they saw that Gore had been in office for 8 years and never mentioned such an offer before.

## Compromise Amnesty Further Opens Immigration Flood Gates

**Clinton & the Democrats** introduced an immigration bill just before the election which would grant yet another amnesty - this time to one million people from El Salvador, Guatemala, Honduras and Haiti. It contains provisions allowing these illegals to remain here and bring in their relatives. This is estimated to cover a total of 2.5 million non-Whites.

**These will all eventually become Democratic voters!**

It should be noted that liberals Jack Kemp and Sen. John McCain supported the Democrats' bill. The other Republicans postponed the measure until after the election. Ray Sullivan, a spokesman for George Bush said:

*"He does not support a blanket amnesty for illegal immigrants."*

1) The bill calls for a new type of visa which will allow their spouse and children to immediately move here with a right to work before obtaining permanent resident's papers.

2) Illegal spouses and their children already living here will be granted new visas without first having to return to their home country.

3) It repeals provisions in the old law providing for the deportation of aliens who have committed "minor crimes."

Sen. Orrin Hatch said:

## Gore citizenship push naturalized criminals

■ An effort authorized by Al Gore to speed up processing of immigrants also made citizens of violent criminals.

WASHINGTON — Four years ago, according to federal investigators, Vice President Al Gore's staff took steps to speed up processing of immigrant applications for American citizenship in order to — in the words of one aide — "produce 1-million new citizens before Election Day" that November.

One result of the intensive effort was that thousands of immigrants were naturalized even though they had criminal records

for such crimes as murder and armed robbery that should have either disqualified them for citizenship or forced them to undergo closer questioning.

Gore admits he authorized the effort, but the Democratic presidential candidate denies allegations he did it because new citizens normally vote Democratic

### White Conservatives Saw Urgent Need to Defeat Socialist Democratic Party

It was the White Christian elderly and middle-class which rose up in arms in a massive - unorganized turnout - which defeated Gore-Lieberman. Had the TV networks not projected Gore the early winner in Florida, nearly an hour before the polls closed in the Central Time Zone of the Panhandle, it is estimated that Bush would have easily received some 10,000 more votes than he did. This “TV call” also affected the voter turnout in the West which cost him more states and GOP possibly two Senate seats.

### Gore Rushed Citizenship for Aliens to Register them to Vote

The Ted Kennedy - Rep. Emanuel Celler immigration law, adopted in 1965, provides that 80% of all new immigrants come from the Third World. Gore recently initiated a program to naturalize and register to vote one million immigrants. Most voted Democratic believing they will grant them more welfare benefits. Gore's program was, in part, illegal as he had the tests for “new citizens” given in their native languages rather than in English - as required by law!

In Wisconsin Gore's operatives recruited homeless alcoholics and drug addicts at missions and soup kitchens. They registered them to vote just before the election and *paid them off* with cartons of cigarettes. Also, liberal college students were shown how to vote more than once.

In New Mexico, Republicans outnumber registered Democrats by a 3-to-1 ratio. This state was expected to go Republican but 65,000 votes were thrown out because Gore loyalists on the state election commission programmed the computers to reject all “party line” ballots - most of which would go for the GOP. Gore had the nerve to cry: “*all votes must be counted.*”

Southeast Florida's counties of Palm Beach, Broward and Miami-Dade were Gore territory. Gore wanted recount after recount of the ballots cast in heavily Jewish districts which went nearly 100% for Gore-Lieberman.

However, hundreds of Jews, including self-proclaimed “holocaust survivors,” (some in the early stages of Alzheimers - who should not be voting in the first place), claimed that, “they might have voted for Pat Buchanan by mistake.” Due to their “*special holocaust status,*” a group of Rabbis brazenly went on TV arguing that they should be allowed to

## Who voted For Bush?

Anglo-White Males and Cubans Won Florida for George Bush

White males voted overwhelmingly for Bush nationwide. A study of the White male vote in Duval County, (Jacksonville), Fla. and Lee County, (Ft. Myers), found that Gore lost these two counties by 47,000 more votes than Clinton lost them in 1996. This was a 75% White male vote for Bush.

Cuban Americans were very important in the election of Bush-Cheney. This reliable anti-Communist community gave the GOP its highest ethnic vote percentage in America.

Clinton personally gave the O.K. for the raid on the Little Havana home of Elian Gonzalez last April. Gore said that he opposed sending the child back to Castro's Cuba. **No one in the Cuban community believed Gore.**

The mostly Cuban precinct 555, east of the airport, went 89% for Bush. At the nearby Cuban precinct 510, Bush polled 79% of the vote. Also, Cubans had a record breaking voter turnout - 70%. Without this heavy Cuban vote Bush-Cheney would not have carried Florida and thus would have lost the election!

**Nashville, Tn.** Al Gore not only lost his so-called "home state" of Tennessee to George Bush but even the 17 county district he represented while in Congress. The vote was 166,025 for Bush to 140,992 for Gore. People resent the fact that he was born in Washington, D.C., went to private schools there and never really lived in Tenn.

Gore does own a home there but rents it to an elderly

couple. During the campaign they got behind in their rent and he moved to have them evicted. When word of this leaked to the media he suddenly changed his mind.

Gore also lost Arkansas as local residents are infuriated over Clinton switching his voter registration to New York. No other President has ever done this when leaving office!

## Jewish Vote Almost Elected Gore

Forget Florida for a moment — and wouldn't we all like to — and look at Gore's overall success with Jewish voters. Jews comprise less than 3 percent of the population, but 4 percent of the voters in the exit polls. According to those polls, Gore won 79 percent of the Jewish vote, the highest total since 1968, though only a point higher than Clinton in 1992 and 1996.

If you look at the 15 states (including the District of Columbia) that have the highest proportion of Jews, Gore won 11 (leaving Florida as undecided). Out of the top 12, Gore lost only Nevada, which was never a hotbed of Jewish activism. Among the crucial states Gore picked up with the help of these Jewish voters were New York, New Jersey, Pennsylvania and Illinois. Without Florida, Gore earned 187 electoral votes from those states.

The 12 states with the largest Jewish populations are worth 273 electoral votes, just enough to elect the president. Gore won 9 of 12, losing only Texas and Ohio

These states gave Gore 206 electoral votes.

Most Republicans may disagree, but Gore should have won this election easily, and the Jewish vote contributed to his electoral success. It is unfortunate that what happened in Palm Beach may cost Gore the presidency, but he would not even be in the running there if not for the support he received from Jews whose ballots were counted.

If Bush is ultimately declared the victor, he certainly will not feel any obligation to the Jews based on their support for him at the polls. Hopefully, that reality will not affect his Middle East policymaking, but no one should be surprised if it does.

The term "immigrant" is reserved for someone who has been legally allowed to enter the country under specific quotas. Democrats are encouraging millions more to flood in awaiting the next "amnesty." The hateful attitude of Miss Munoz and Rep. Gutierrez proves that Republicans are not winning friends when they "compromise" on these never ending "amnesty" requests.

The Clinton-Gore administration quietly ordered this change in policy three years ago. While the border patrol still does its best to arrest illegals crossing our borders, they are under-staffed and demoralized. Once an alien gets past the border patrol they are "home free." Most illegals come here on visitors visas or student visas and never return home.

The INS estimates that there are over 5 million illegal aliens here. Some 450,000 move here every year. They locate mainly in Calif., Texas, N.Y. and ILL. In Chicago they mainly come from Mexico, the Philippines, Guatemala and El Salvador.

### The Real Enemy

American Immigration Lawyers Assn. is one of the most dangerous of all subversive organizations. The national secretary of this 6,500 member outfit is Attorney Paul Zulkie of Chicago. He said:

*"The vast pool of undocumented workers are not a threat. In fact, they are an asset that keeps our economic engine rolling."*

Immigration lawyers charge large fees which aliens have to scrimp, borrow and steal to pay. It is a slimy and despicable business which does great damage to the nation. Normal lawyers hold these legal parasites in very low esteem.

**We must demand that the incoming Republicans enforce the nation's immigration laws. All illegal aliens should be rounded up and deported as required by law - if this nation is to survive!**

In 1965, before the passage of the Kennedy-Celler immigration bill, America was 85% White, 10% black and 5% other. Today, it is only 70% Whites and 3% of that number are Jews who aligned themselves politically with the minorities. By the year 2050 we will be 48% White, 26% Mexican, (and Central American), and 8% Asian.

**No free nation has ever before accepted such a surrender of its racial majority. It is unprecedented in history and can be stopped by a simple, lawful, reduction in immigration!**

### America's First Majority Chinese City

**Monterey Park, Calif.** is a city of 65,000 and mirrors what is happening all over the state. It was 85% White in 1960. During the 1970s Chinese from China, Taiwan and Hong Kong began flooding in.

During the 1980s Whites sought to control the problem by adopting slow growth ordinances, English only business signs, and even banned Chinese language books from the library.

By 1990 the city was majority Chinese and their White critics had either moved away, died or been voted out of office. Today, there are Chinese restaurants, banks, strip malls, etc., everywhere!

Your editor can well remember back in the 1950s when retirees said they were moving to Southern California. People thought that this was a paradise. Today, White people are trying to move out of that Third World state.

**San Jose, Calif.**, is now majority non-White. Sally Vaughn and her husband moved to Cheyenne, Wyoming. She says:

*"San Jose is like a ticking time bomb. California is being turned into warring ethnic groups. They are hypersensitive, hyphenated Americans all accusing each other for local problems. Here in Cheyenne I feel like I moved back to the America of my youth."*

Millions of Americans are moving out of cities and states which are being taken over by Clinton's beloved "diverse masses."

**Mexicans** today make up 30% of Aurora, ILL. The city is now plagued with gang violence. One resident, Jim Johnson, says that he had to take his two children out of the public school and enroll them in the Aurora Christian Academy. Johnson explains:

*"They receive a better education and it's safer. If you listen closely to the people around here, you can hear the resentment."*

# Rosa Parks Attended Communist Training School

## "Civil Rights Hero" - Rosa Parks - Trained at Communist School

USA Today reports that NEA teachers have seen that every school child in America knows their version of "The Rosa Parks' Story." It goes like this - a poor tired black seamstress took a seat in the front of a Montgomery, Ala. bus on Dec. 1, 1955. The driver asked her to move to the back under the state's Segregation law. For refusing Parks was arrested. Four days later Martin Luther King arrived in town and launched the Montgomery Bus Boycott. After 381 days, the Supreme Court ordered the city buses integrated.

### The True Parks' Story

The behind-the-scene true story is that Rosa Parks was the secretary of the local NAACP. The book, "Speak Now," a left-wing history of the civil rights movement, states that in August of 1955, (four months before the bus incident), Parks attended the Highlander Folk School in Mount Eagle, Tenn. The "school" was started in 1932 by Myles Horton and James Dombrowski - both members of the Communist Party.

"Speak Now" states that the school's original purpose was to train Red activists on how to promote textile strikes, hold protest marches, picket lines and learn "socialist songs."

The Textile Workers Union was controlled by the Communist Party.

"Speak Now," page 529 reads:

*"FBI surveillance of the Highlander Folk School and the Southern Conference Educational Fund, (SCEF), intensified. In 1952 Myles Horton would invest their energy and resources in the historic Southern struggle over desegregation of the public schools."*

### Rosa Parks & The Reds

Speak Now says that Parks attended summer training at the Highlander Folk school in 1955, 1956 and 1957. She is pictured with Martin Luther King sitting on the front row in a Highlander training class on Sept. 2, 1957. Thus, the liberals' story that she was just a "poor tired black seamstress" when she sat in the front of the bus is a total lie!

On Dec. 1, the black Troy State College in Montgomery opened a \$10 million Rosa Parks Library and monument. Attending the dedication included the state's first Jewish governor, Don Siegelman, who praised Parks. Coretta Scott King, at the dedication, launched her husband's civil rights

Nashville, Tenn. Al Gore says he is moving back to his home state where he has never lived for any length of time. His father, Sen. Al Gore, Sr., lost his Senate seat in 1970. He had voted for gun control, against allowing prayer in school and against a bill to ban busing to integrate schools.

An old city bus, like the one Parks rode on, is on display in the museum. Children are now brought on the bus and a harsh recorded voice tells all blacks to move to the back. This is deliberately designed to instill feelings of guilt and self-hate in White children.

Iowa Democrat, Gov. Tom Vilsack, has a plan to bring 310,000 non-White aliens into the state within ten years. He says that older Iowans are dying off and need to be replaced. He fails to mention that not one alien will go into farming. Vilsack says he is backed by a, "team of business and civic leaders."

Gore wanted to run for President again, in 1992, but this time could not raise the money. Clinton offered him the opportunity to be his running mate - Gore instantly accepted.

In 2000 Gore felt confident that he would be elected President backed by a booming economy. Serious mistakes on Gore's part beat him but he has pledged to his friends that he is mending fences and is already off-and-running for a rematch with George Bush in 2004.

# Liberals Fear Truth – Gun Ownership Prevents Crime

**New York Sen. Schumer Calls for Anti-Gun Laws against Southern States**

Sen. Charles Schumer, a left-wing Jew, stated that the 1,685 guns confiscated in New York last year came from six Southern states: Fla., Ga., Miss., Texas, North and South Carolina. Schumer calls for legislation giving the ATF more authority to investigate local gun shops. He wants all gun owners licensed and guns registered.

None of this would be necessary if New York would liberalize its restrictive gun laws so its residents would not have to drive down here to purchase weapons. Of course, criminals pay no attention to gun control laws. They buy them on the black market.

More recently gun control advocates have pointed to Vancouver, Canada, as a city with very little gun crime. They claim that this is because guns are all but banned. They compare Vancouver with Seattle which has a higher crime rate.

### ***Did great African civilisations exist?***

The term "African civilisations" is misleading, because it creates the impression that the civilisations that came into being on this continent were created by "Africans", that is, black people. This is absolutely untrue. The only civilisation established on the African continent was that of the Egyptians. The Egyptian civilisation, just like the civilisation of Old Europe in south-east Europe, was brought about by Mediterranean Cauca-

short life span; that civilisations occupy huge geographical areas, while primitive cultures occupy small geographical areas; and that civilisations embrace large populations, while primitive cultures have relatively few people. So, the claim that "great civilisations" existed in black Africa — namely in Ancient Ghana, Mali, Songhai, Kanem-Bornu, the Hausa city-states, Great Zimbabwe and Mutapa — is quite untrue. At most, one can speak of African cultures, but definitely not of

Sick White liberals, who support the ANC-SACP regime, say these are acts of crime and are not political. What about the case of the wife and daughter who were raped in front of the husband. Afterwards, all three had their throats slit.

The brutality and cruelty of these crimes defies comprehension. This is indeed a campaign of terror to drive the White farmers off their land so that the black mass can seize it.

### *Did great African civilisations exist?*

The term "African civilisations" is misleading, because it creates the impression that the civilisations that came into being on this continent were created by "Africans", that is, black people. This is absolutely untrue. The only civilisation established on the African continent was that of the Egyptians. The Egyptian civilisation, just like the civilisation of Old Europe in south-east Europe, was brought about by Mediterranean Caucasians. Thus, we have here a conscious attempt to obscure the racial identity of the builders of civilisation on the African continent. After the Egyptian civilisation, Mediterranean Caucasians created the 'civilisations' of Kush, Meroë and Axum, but these can in no way be compared with the Egyptian civilisation and cannot even be termed 'civilisations'.

Furthermore, historians who studied history in terms of "civilisations" — namely, Oswald Spengler and Arnold Toynbee — never designated a single "African civilisation" created by black people. Toynbee differentiates between "civilisations" and "primitive cultures", stating that civilisations endure for long periods, while primitive cultures have a

short life span; that civilisations occupy huge geographical areas, while primitive cultures occupy small geographical areas; and that civilisations embrace large populations, while primitive cultures have relatively few people. So, the claim that "great civilisations" existed in black Africa — namely in Ancient Ghana, Mali, Songhai, Kanem-Bornu, the Hausa city-states, Great Zimbabwe and Mutapa — is quite untrue. At most, one can speak of African cultures, but definitely not of African "civilisations". Furthermore, most of these African cultures came into being as a result of Arabian Moslem influence, and collapsed because of internal factors and not because of outside intervention.

### *Can the stated goals be typified as a 'Renaissance'?*

If there is indeed a "Renaissance" taking form in Africa, many hundreds of Africans should already be identified as being occupied with all sorts of new developments in the spheres of art, literature, philosophy, science, education, architecture, music and medicine. If such people do indeed exist, it would be gratifying to know who they are and what achievements they are busy delivering!

## Mugabe Attacks Whites — Again

### President says whites are "greatest racists"

President Robert Mugabe said Saturday that whites may live in Zimbabwe, but they will never have a voice equal to that of blacks in the southern African nation.

"The whites can be citizens in our country, or residents, but not our cousins. They are the greatest racists in the world," Mugabe said in a campaign speech one week be-

fore parliamentary elections set for June 24-25.

The president has repeatedly attacked the small, white minority which generally opposes him.

He has also expressed sympathy with the mobs of black supporters illegally occupying more than 1,400 white-owned farms. He has called the occupations a justified protest against the British colonial legacy of unfair land distribution.

## Affirmative Action Leaves Whites Destitute in South Africa

**Johannesburg.** Civil Service controls hiring and firing for good paying jobs in the post office, railways and a host of other government-run enterprises. Since the blacks took control of the country six years ago, thousands of Whites have lost their jobs under the new affirmative action hiring programs.

Unemployment for Whites has doubled over the past five years to 8%. Tommy and Sandra Swarts, pictured here, have no jobs and no money. They live in one room huts erected by the Dutch Reform Church to house destitute Whites. They sleep in one small room.

The number of poor Whites is increasing. They do not even have enough money to leave the country. They are literally trapped in poverty and may never emerge out of it.

## Hard Working White Victims Of Affirmative Action

By CORINNA SCHULER

**JOHANNESBURG**—The shabby wooden huts huddle in rows beneath highway billboards and a giant water tower, appearing, at first glance, like all the other shantytowns on the outskirts of cities across South Africa.

Families here live four or five to a single room. Most wear the same clothes day after day, share toilets with dozens of others and dream each night of a better life.

But something is strikingly different about this settlement: Most of its 100 residents are white.

Tommy and Sandra Swarts sit with their two children on a sagging bed inside hut 16, recounting how they—white, working Afrikaners—fell through a crack in their comfortable middle-class life and landed in poverty.

"We used to have a house, a car, a phone. We used to go out to eat," said Sandra Swarts. "The children had toys, whatever they wanted. . . . Now we have nothing. It is not like before"—before apartheid ended six years ago.

Tommy Swarts, 41, lost a good job at the gold mines when the bullion price crashed. But he bounced back by landing an even better one, building boilers for the equivalent of \$2,500 a month. It was a respectable salary, by South African standards. He was a respected man.

Then, he says, 45 white employees were laid off during a union-employer dispute over affirmative action. His wife had left her job as a nursing assistant when she had a baby and couldn't find another job.

For six months. When the money ran out, they sold furniture, clothes, even most of the children's toys. Eventually, they had nothing left to sell. The rent could not be paid, and the family of four was on the street.

They found their way to the Kempton Christian Action Center—a refuge set up in 1993 after a local businessman noted that white people had begun begging on the streets. Supported by the Afrikaner community and the Dutch Reform Church, the charity provides the destitute with small huts and three nutritious meals a day. There is a central television room for adults, a playground for kids, shared shower blocks and flush toilets.

The Swartses are grateful, but they admit their marriage almost fell apart when they first moved here.

"I couldn't take it," Tommy Swarts said. "I just wanted to leave. I couldn't stand to see the children here. . . . Look at the place."

The children, Chane and Andrew, share a single bed, squeezed in two feet from their parents' double bed. The stuffy hut has just one window, covered by a tattered curtain. Clothes hang from hooks on the wall. A counter at the end of the bed is stacked with a few pots, some books, cups and toothbrushes. A few board games and puzzles are stacked in the corner, alongside a doll in a blue baby carriage—the few personal possessions that have survived.

# Media Censors Widespread Killing of Whites

## National Press Suppressed Serial Murders

**Toledo, Ohio.** Brothers Anthony and Nathaniel Cook committed the worst mass murders in the city's history. In England such killings would be front page news in every city but not in the politically correct USA. Liberals have decreed that information about the tendency of the Negro race for violence must not be discussed.

**These were anti-White hate crimes pure and simple.**

**It all began in 1968.** Anthony Cook used a pistol to rob a man of \$100. Eight days later he beat a 61-year-old woman and stole \$250 from her purse. He was arrested and sentenced from 10 to 25 years in prison.

**In 1973 Anthony Cook was paroled.** He soon robbed two more people at gun point and was again sentenced from 10 to 25 years.

**In 1979 Cook was paroled again.** His sister, Cecelia Cook, says that he complained that White prison guards had mistreated him and told her:

*"The black man deserves what he can get from the White man because he is the f. . . . enemy."*

**Over the next three years Anthony would murder nine Whites and rape seven White women - sometimes enlisting his younger brother Nathaniel.**

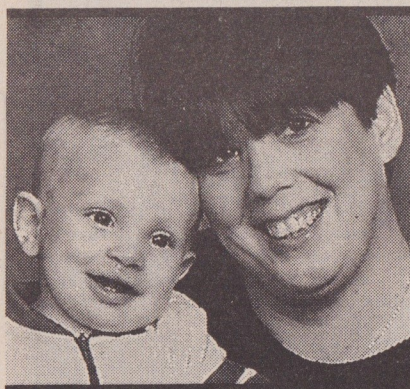

**May 14, 1980,** Tom Gordon and Sandy Podgorski were sitting in his car parked in front of her home. Suddenly, the window on the passenger side was smashed with the barrel of a gun. Anthony and Nathaniel ordered the young couple into the back seat.

Here are Sandy's words: *"The brothers took turns raping me. Then Anthony said, 'What are we going to do with this White bitch?' I didn't look at them. I just shut my eyes. He then began stabbing me."*

Anthony stabbed her seven times with a carpenter's awl. She pretended to be dead. The brothers abandoned the car in North Toledo and fled into the night. She crawled out and screamed for help.

He tried an insanity plea during the trial claiming that he was depressed and tried to kill himself twice. The Judge rejected the plea and ordered him to stand trial for first degree murder facing the death penalty. His brother, Robert Carpenter, 20, already convicted, received life

Due to the age of the case a deal was cut with the cold-blooded killers. They would agree to confess and tell what they know about each murder. In turn, Anthony accepted life in prison without parole with his brother Nathaniel being paroled on Feb. 13, 2018.

In 1973 Anthony Cook was paroled. He soon robbed two more people at gun point and was again sentenced from 10 to 25 years.

In 1979 Cook was paroled again. His sister, Cecelia Cook, says that he complained that White prison guards had mistreated him and told her:

*"The black man deserves what he can get from the White man because he is the f. . . . enemy."*

Over the next three years Anthony would murder nine Whites and rape seven White women - sometimes enlisting his younger brother Nathaniel.

May 14, 1980, Tom Gordon and Sandy Podgorski were sitting in his car parked in front of her home. Suddenly, the window on the passenger side was smashed with the barrel of a gun. Anthony and Nathaniel ordered the young couple into the back seat.

They stopped along Raab Rd. and ordered Cook out. Sandy heard a shot and Tom cried out, "Oh, God."

Here are Sandy's words: *"The brothers took turns raping me. Then Anthony said, 'What are we going to do with this White bitch?' I didn't look at them. I just shut my eyes. He then began stabbing me."*

Anthony stabbed her seven times with a carpenter's awl. She pretended to be dead. The brothers abandoned the car in North Toledo and fled into the night. She crawled out and screamed for help.

December 20, 1980. Just five days before Christmas Vicky Small's car stalled. Anthony pulled up and offered to drive her home. Instead, he drove to Ottawa Park where he raped her. He let her redress and then blindfolded her with a scarf. He then callously shot her in the chest and head.

Jan. 17, 1981. Connie Sue Thompson's frozen body was found in a ditch off Langenderfer Rd. The brothers had raped, beat, choked and then stabbed her 43 times.

Feb. 21, 1981. Little Dawn Renee Backes, age 12, a seventh grader at Gesu School vanished. The Cook brothers raped, beat and crushed her skull with a cinder block in the basement of the State Theater.

March, 27, 1981. Just one month later, Denise Siotkowski, 21, and Scott Moulton, 21, were sitting in a car outside her apartment. Anthony Cook, acting alone, pulled a gun on the two grocery store employees. He forced them to drive to a secluded area and bound Moulton with his own belt. After forcing him into the trunk of the car, he raped Denise.

Anthony then crammed her into the trunk and emptied his gun into the pair. He locked the trunk and walked away. The police discovered the bodies a week later.

## Why These Crime Stories ?

Americans need to be aware of the fact that blacks commit 80% of all violent crime.

In major cities the rate is as high as 95% – such as in Atlanta.

We never hear about most of these atrocity stories. The victims and their relatives are forgotten. We want to remember at least some of them in an attempt to warn others not to allow themselves to fall victim of these senseless, often random, crimes!

However, at the trial and now, age 16, Judge Fred Burton sentenced Moore to life in prison without parole. Unfortunately, Abraham was sent to a juvenile institution and must be released at age 21. His mother Caron Moore told reporters:

# All Tests Prove Low Black IQ Is Inherited

## Black I.Q. Falls in Major Cities

*Education Week* is a journal which studies school testing. They have found that non-White children in the central cities are falling behind White children in the suburbs. Only 39% of New York City children score in the average basic range. This is compared with suburban children of whom 70% score in the average range. Here are the facts:

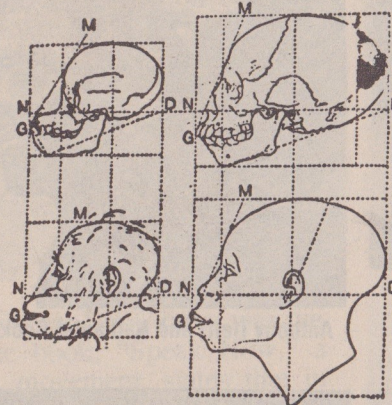

1) The average White I.Q. is 101.8 compared with 85 for blacks. This difference is far greater when is noted that while 50% of all Whites score above the 101.8 range. Some 95% of all blacks test below the White average. At the same time, 89% of all Whites score above the black average.

2) Those scoring below 70 IQ are in the "slow learners" to mentally retarded range. It is a very significant finding that 18.4% of all blacks have an IQ below 70 compared with only 2% of Whites.

3) Numerous scientists including Prof. Richard Herrnstein, Prof. Arthur Jensen and others say that only 20% of this difference is attributed to environment while 80% is hereditary.

### THE FACIAL ANGLE

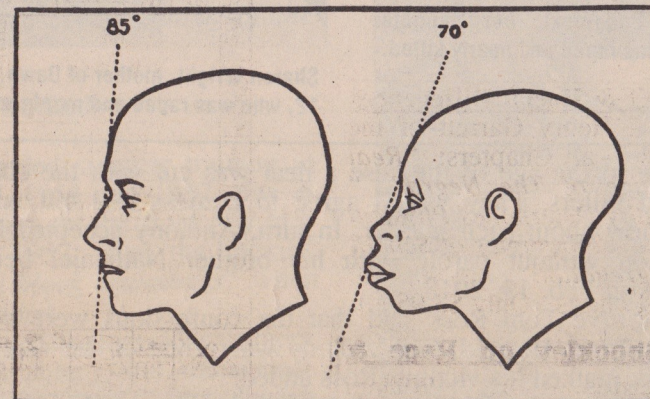

The skull and head of a young orang-utan, and of a Negro, showing the lines including the facial angle (MGND) devised by Pieter Camper.

The diagram is from the 11th Edition of the Encyclopedia Britannica, and is reproduced here by special permission.

The facial angle was invented by Pieter Camper, who wrote: "The two extremities of the facial line are from 70 to 80 degrees from the negro to the Grecian antique: make it under 70, and you describe an ourang or an ape: lessen it still more, and you have the head of a dog. Increase the minimum, and you form a fowl, a snipe for example, the facial line of which is nearly parallel with the horizon."

The diagram on the opposite page shows that as the snout decreases in length the brain case increases in size and elevation, the facial angle decreases, and the jaw becomes smaller and more receding. For comparative purposes the artist has shown: I, Snake; II, Alligator; III, Anteater; IV, Lemur; V, Spider Monkey (new world); VI, Gorilla; VII, Man.

Brain development accompanies that of the cranium. The brain of the fish is very small compared to the spinal cord. In reptiles the mass of the brain increases in relation to the spinal cord and the cerebral hemisphere begins to predominate over other parts. This increases in birds, next in marsupials, and so on up to Man. It is interesting to note that in the lower mammals the surface of the cerebrum is smooth with few grooves. As we ascend the scale the convolutions become more numerous and complicated.

## Gap Widens Again on Tests Given to Blacks and Whites

### Disparity Widest Among the Best Educated

A gap between test scores of black and white students that had narrowed through the 1980's widened from 1990 to 1999, according to results released yesterday by the federal Department of Education, with the average black 17-year-old reading only about as well as the average white 13-year-old.

Most perplexing, officials said, is that the gap is widest among children of the best-educated parents, where average scores by white students remained relatively steady while those of blacks fell back toward the lower achievement of the late 1970's.

Such disparity in test performance, which has also been seen from analysis of SAT scores, has become one of the most challenging issues in American education.

And while blacks are catching up to whites in performance of the basic skills, showing an ability to do simple arithmetic, for example, they are slipping further behind whites when asked to do more complicated work, like fractions, percentages or decimals.

Educators and officials say there is no clear explanation for why progress slipped after the gains of the 1980's in the next decade of remarkable prosperity.

The gap has grown most strikingly in ranks of children of the better-educated. In reading scores of 17-

### The Size of The Negro Brain is The Answer

Forensic doctors can find a skull and immediately determine its race. The inner space of the skull is smaller that of the White and this means that the Negro brain is both smaller, lighter and less developed. Here are the facts:

There are many other differences including the fact that the Negro skull is thicker than the White thus making it less likely to fracture. The jaws, mouth and teeth are much larger than the White. The skull sutures close at an earlier age than the White which restricts development resulting in a smaller and lighter frontal lobe of the brain.

Thus they will have a higher I.Q. than the full blooded Negro. This is the reason why light skinned blacks are more successful than those who are darker.

### Illicit Sex Raised Black IQ

Due to back-room sexual amalgamation between the races, it is estimated that the blacks in America have 25% White genes. This is attested by the fact that full-blooded Blacks in Africa are even lower with an average I.Q. of only 65. This is in the mentally retarded range.

This boy is taking a "shower" in slum outside Luanda, Angola. The formerly White owned factory behind him has been abandoned. Note the garbage.

Some liberals have suggested that the interbreeding of the races would elevate the black race. However, Whites are only 8% of the World's population and any wholesale racial amalgamation would eliminate White people all together.

### Why Black Crime Skyrocketed

Race has much to do with

crime. In 1950, when we had strict Segregation in the South, blacks committed fewer crimes than today. However, under racial integration, in 1984 they committed 142 crimes per 100,000 people compared with 74 per 100,000 for Whites. By 1990 it worsened to 240 crimes by blacks per 100,000 people to 75 per 100,000 for Whites. Thus, while White crime has remained the same, black crime nearly doubled.

## Our Goal For 2001 - Immigration Reduction

The appointments made by Pres. Bush thus far are exactly the opposite of the left-wing minority dominated Clinton-Gore regime. Kicking out all those radical, unAmerican Democratic Reds is like a "breath of fresh air."

Of course, we will monitor the course of the new Republican administration closely. They are hemmed in by an evenly divided Senate. Nevertheless, there will be no more affirmative action, anti-Christian bills or new amnesties for illegal aliens. However, that is not enough. There must be positive action on the immigration reduction

## Letters to the Editor

### Race Problem out of Control in Indianapolis

Conditions where I work are horrible for White people. Blacks make allegations of racism against any White they want to get rid of. They don't have to prove anything. Management does whatever it takes to placate them.

In my apartment complex I have been cursed and threatened. I have witnessed black youths attacking White children for no reason. Their parents are too fearful to object. Attacks on school buses are common. White girls have been raped right in school.

Black girls can now bring their babies to school and breast feed them.

My health has suffered greatly and I have aged beyond my years. Working class whites have absolutely no rights.

R.M., Indianapolis, Ind.

### More on the Prosecutor in Birmingham Bomb Case

The federal prosecutor in the bombing case here, Doug Jones, not long ago investigated Republican sheriff Jim Woodward for, "vote tampering."

It seems that Woodward used his computer to check to see if voters for his opponent, Mike Hale, were

### England is Crammed with Immigrants

Few people realize that England is more densely populated than India, Africa or China. Our population is increasing so fast that their numbers could create five new cities the size of Bristol every year. Our once beautiful countryside is being paved over with concrete and asphalt.

An estimated 15 million non-Whites have moved here including Negroes, Indians, Chinese, Tamils, Turks and Thais. They are being imported into our overcrowded little island by evil people hell-bent on destroying the British nation. A recent study found that

England will be majority non-White by the year 2100.

We never voted for this multi-racialism. It was forced on us. Parliament has passed anti-hate laws which forbid any criticism of these people. This very same destructive force is now invading America. You still have time to stop it - if you act now!

far are exactly the opposite of the left-wing minority dominated Clinton-Gore regime. Kicking out all those radical, unAmerican Democratic Reds is like a "breath of fresh air."

Of course, we will monitor the course of the new Republican administration closely. They are hemmed in by an evenly divided Senate. Nevertheless, there will be no more affirmative action, anti-Christian bills or new amnesties for illegal aliens. However, that is not enough. There must be positive action on the immigration reduction bill. Better still would be the enactment of a total moratorium on all immigration!

In the future we must return to the policy of our forefathers that restricted immigration to Europeans. There has never been a successful multi-racial nation in the history of the world. We owe it to our children to take charge of this crisis. The immigration reduction bill will once again be introduced into the new Congress.

The federal prosecutor in the bombing case here, Doug Jones, not long ago investigated Republican sheriff Jim Woodward for, "vote tampering."

It seems that Woodward used his computer to check to see if voters for his opponent, Mike Hale, were either dead, convicted felons, etc. Doug Jones was in effect threatening Jim Woodward. Woodward was re-elected and the case dropped out of sight along with Doug Jones' involvement. This was yet another attempt to intimidate an honest person.

I am in total agreement with the letter from I.R. of New York City in your last issue. So-called "Jewish refugees" from Russia have flooded our community.

A lot of working class Whites have been forced to move out and the Russian Jews have also taken over housing for the elderly. Many can't even speak English! They are so numerous that the largest Synagogue on the East Coast is being built in our city!
